BRANCH STORE HERE**

LEASES J. B. ROBINSON BUILDING
ON MAIN STREET

OPENING 100 NEW STORES

Now Operates 197 Stores—Maryville
Branch the Second one Now in Mis-
souri.

The J. C. Penny Company will open a branch store in Maryville February first, in the J. B. Robinson building on Main street adjoining the Nodaway Valley bank.

The manager of the store will be F. C. Miller of Utah, who will be in Maryville in a short time to superintend the work of opening up the business.

The business in Maryville is the second store in Missouri already being established at Moberly. The Penny company now owns and operates one hundred and ninety seven stores throughout the United States and is opening one hundred new ones this year. The greater part of the stores are located through the west, and the new ones established will be through the middle west and east.

The building leased by the Penny company, was leased last fall from Mr. Robinson by Dubinsky Brothers of St. Joseph, who expected to open an exclusive women's furnishing shop. They changed their plans in this and the store has been vacant. It is one of the finest retail store rooms in the city and the interior decorations, which have been completed, will now be finished up at once ready for the new business.

The stores are known as the "Golden Rule Stores" and carry a full line of men's and women's clothing house furnishings, shoes and notions.

Program.

A special young peoples' service will be held at the First Methodist church Sunday night which will be in charge of the delegates from the State Teachers college to the International Student volunteer movement convention held last week at Des Moines, Ia. There will be special music of a missionary nature as an attractive part of the service. The convention held Des Moines was attended by 8000 registered delegates and many visitors and was one of the most interesting and important gatherings ever held.

All young people in the city are invited to attend. The delegates to the convention were Miss Olive DeLuce, Miss Elizabeth Leet, Miss Eula Pearce and Miss Grace Stevenson.

A. Baker. This conference is for the purpose of discussing, modifying or reshaping the regulations of these schools which are conducted under uniform plan.

On his return President Richardson will spend the day Saturday at St. Joseph to finish the organization of the extension classes of the teachers college.

**JAMES EDWARD GRAY POST
MET LAST NIGHT—FEW THERE**

The Campaign for New Members Must
"Carry On"—400 or 500 Wanted.

Only a few members of the American Legion attended the meeting of that organization held in the county clerk's office at the court house last night. The few that were there, however, "put some snap into it."

The evening was given over to discussing ways of increasing the membership of the legion. Despite the fact that several new members joined last night, the James Edward Gray Post has hardly a hundred members. Because of the fact that there are enough former service men in this vicinity to raise the membership to 400 or 500, it is the purpose of the local post to conduct an extensive campaign to bring the organization here up to "war time strength."

Those in the legion feel every ex-soldier should desire to maintain a membership in body that has as its purpose the preservation of the comradeship of the unforgettable days of his greatest experience in life. It is thought that many who have intended to join the American Legion have been merely putting it off from week to week. It is thought that they will answer roll call during the present membership drive.

At the meeting last night a new finance man, Ernest Alexander, was elected to fill the office made vacant by Charles Kane, the old officer, leaving the city.

Another meeting has been called for the evening of Thursday, January 22. All members and those desiring to become members are urged to be present at that time.

**WOMEN PLEDGED TO
THRIFT CAMPAIGN**

TWENTIETH CENTURY CLUB PLAN
INTENSIVE CONSERVATION

"POLICE POCKET BOOKS"

Subject Discussed at Regular Monthly
Luncheon Given Yesterday at
Home of Mrs. A. F. Harvey

"Police your pocket book" is the pledged duty of every woman in the Twentieth Century Club and the first broadside of a steady three months conservation barrage against the H. C. L. forces was fired yesterday at the regular monthly luncheon held at the home of Mrs. A. F. Harvey.

The program was under the direction of the thrift department and the ensuing campaign on thrift is the Maryville club women's part of the great national women's thrift campaign instituted by the federal bureau and taken up by organized women all over the United States.

There was a full attendance of the members yesterday and the ten hostesses served in most delightful manner an attractive and well balanced luncheon, after which the program was started with the reading of a consundrum "Thrift by the chairman of the committee, Mrs. W. A. Rickenbrode.

Mrs. E. G. Orser followed with a talk explaining the purpose of the three months intensive campaign and giving the plan as outlined by the treasury department, saying in part: "the purpose of this specific plan of thrift is to supply information and encouragement to the individual so that we may with a good degree of accuracy determine for ourselves how to make intelligent use of time, money, energy, and commodities.

The Kansas federal clubs endorsed the campaign in October and advocated that we police our pocketbooks. In the last meeting of the Missouri federated clubs, they also endorsed the thrift campaign which starts January first and ends April first.

The plans sent up by the treasury department are—January, each individual will be asked keep an account of her daily expenses grouping them under such items as rent, food clothing, household service, amusements and incidentals.

February—to save, each individual will analyze January expenses and make an effort through information gained in January expenses to save a certain amount through conservation without hardship.

March—to invest, the individual will make a calculation of how much was saved on living expenses in February over an equal number of days in January. In this month an effort will be made to encourage the members of these women's organizations to invest these savings in government securities.

The test of this is given in the hope that it will bring such gratifying result that all club members will continue to apply the results of these experiments as a permanent practice. The 70,000 club women of Illinois have adopted an official slogan which will be shown in all movie shows "To Market, to market to buy a fat pig. Home again, home again, prices too big."

Mrs. C. C. Hellmets gave a definition to a personal budget as being a detailed plan of anticipated receipts and a proposed saving and expenditure for a definite period after which she gave in concise manner her week-

ly budget system which many of the club women expect to adopt.

Mrs. C. D. Bellows followed with an excellent talk on teaching a child thrift, saying in brief:

"If we hope to keep our reputation as a thrifty people we must begin with the children at an early age. It is in the home and the first years of school that patriotic loyalty and thrift may be best taught. In their play to not ruthlessly destroy a toy—if he tires of one pass it on to some other child for thrift without benevolence is a doubtful blessing.

"Teach him to care for his clothes, brushing and putting them on hangers, teach him to be prompt in work and play and promises. No child has a right to waste a mother's time. As soon as he old enough give him an allowance and teach him to save a part of it if he grows older, increase this allowance if possible and let him select his own clothes advising him against extremes. Teach him honesty under all conditions—in school work, home work everywhere, in other words be thrifty."

A most enthusiastic and profitable discussion followed the program exchanging views and adopting suggestions such as conserving in buying, accepting the budget system and voting unanimously to conserve time. April luncheon the women will have a round table discussion of the results of the campaign and tell how each has been benefited.

**1031 MEMBERS NOW
IN FARM BUREAU**

MEMBERSHIP IN NODAWAY COUN-
TY INCREASED 65 YESTERDAY

BAD ROADS IMPEDE WORK

M. N. Beller, Editor Farmer and Stock-
man, here today. Campaign Closes
Tomorrow.

At the completion of yesterday's solicitation for members in the Nodaway county farm bureau, the total membership had reached one thousand and thirty one. One hundred and sixty five new members were secured yesterday. On account of the condition of the roads the solicitors have had to work slowly but each of the fifteen at work report that practically all men approached became members.

M. N. Beller, editor of the Farmers and Stockman, published at Kansas City, came to Maryville last night to spend the day here working with the solicitors and obtaining material for his publication. He left for Skidmore at noon in company with Chester Gray president of the state farm bureau and Roy Lippman, who will hold a closing up meeting there which will be addressed by Mr. Gray. Mr. Gray leaves tonight for Carthage, Mo., to work in a campaign for the Jasper county farm bureau. The Iowa solicitors who have been working in Nodaway county this week will spend next week in Jasper county in a membership campaign similarly conducted to the one here. R. N. Roland of the department of extension of the Missouri state university, who has been assisting in the work this week, will leave tonight for his home.

The rural solicitations will end at noon tomorrow and the workers will spend the afternoons in the various towns of the county making an effort to see any one whom they might have failed to meet in the farm to farm canvass.

**MISS STEVENSON TO GIVE
REPORT OF CONVENTION**

Interesting Facts Brought out at the
Student Volunteer Movement Meet-
ing—Started in 1886.

Miss Grace Stevenson of Skidmore, who was a delegate from the student body of the State Teachers college to the international convention of the Student Volunteer movement at Des Moines, Ia., last week has prepared some interesting statements regarding the meeting which will be presented at the college assembly.

There were 8000 students representing one thousand colleges in the United States and Canada. These delegates also represented forty nationalities. These conventions are held every four years and the first one was held in 1886 at Herman, Mass., under the direction of Robert Wilder, who was the originator of the movement. From the time of the first meeting until the present, 8140 students have sailed for foreign countries to do missionary work as the direct outcome of this movement.

Among the notable workers attending the meeting and making addresses were Robert Wilder, the founder; John R. Mott, head of the "Y" work in France during the war, Bishop Stuntz, Robert W. Speer, Bishop McConnell and Bishop McDowell. The purpose of the movement is to awaken and maintain among all college students in the United States and Canada an active interest in foreign missions; to enroll sufficient number of properly qualified students to carry on the work of evangelization; to help all such intending missionaries in preparing and enlisting co-operation in developing missionary life of college and home churches and to lay equal burden of responsibility on all students who remain at home that they may promote missionary enterprises by the intelligent application of gifts and work.

The workers now in foreign fields are as follows: Africa 867, Arabia 31, Central America 60, China 2524, India 21, Burma and Ceylon 1570, Japan and Korea 987, Latin and Greek countries of Europe 42, Mexico 202, Persia 76, Philippines 216, Siam and Straits 155, South America 571 Turkey 270, West Indies 226, other countries 275.

The delegates from the college attending were Miss Stevenson, Miss Elizabeth Leet, Miss Pearce and Miss Olive DeLuce.

**BERT COOPER RETURNS FROM
WARRENSBURG CONFERENCE**

Met with other Members of the Com-
mittee on Teachers Salaries to Pre-
pare Association Report.

Prof. Bert Cooper returned today from Warrensburg, Mo., where he met yesterday with the two other members of the committee on teachers salaries, Prof. C. A. Phillips of the Warrensburg State Teachers College and Prof. C. H. Williams of Missouri university, of the state teachers association.

The purpose of yesterday's meeting was to prepare the report of the committee to be presented at the executive committee of the state teachers association which meets in St. Louis tomorrow to consider the various reports of the associations committees.

The most significant feature contained in the recommendations of the committee on teachers salaries was the citation of the fact compiled from all sources of statistics at hand, that in the last three years teachers salaries have advanced fourteen per cent where as the cost of living has advanced one hundred and eleven per cent. Furthermore teachers salaries in Missouri are comparatively small, some counties in Southern Missouri reporting teachers salaries as low as \$25 per month.

**DEMOCRATS SPLIT
ON LEAGUE ISSUE**

PRESIDENT AND BRYAN AT ODDS
OVER PEACE TREATY.

FRISCO GETS CONVENTION

Jackson Day "Lovefeast" Leaves a lot
of Prospective Candidates Still
Somewhat Disconcerted.

Washington, Jan. 9.—San Francisco has been selected as the meeting place of the national Democratic convention on June 28.

A split between President Wilson and William J. Bryan over whether the league of nations should be made an issue at the coming election topped off the Jackson day deliberations of the Democratic party chiefs.

It was the most sensational challenge to President Wilson's leadership that has been made since he first entered the White House.

It splits the Democrats wide open in the league of nations fight or will do so if Mr. Bryan musters any considerable popular support behind the stand he took last night that the Democrats must accept compromises on the league and get the peace treaty ratified at once.

President Wilson, in his message, read to the diners, assembled in two separate halls, declared that the "clear and single way out" was to submit the question to the voters as "a great and solemn referendum." Mr. Bryan, showing all the old-time vigor with which he led the fight for the president's nomination at Baltimore in 1912, declared that the Democratic party could not go before the country on the issue, because it involved a delay of fourteen months.

"A split in the Democratic party at this time is a very hopeful sign," said Secretary Lane today in commenting on the differences which arose at the Jackson day banquet between the views of President Wilson and Bryan. He declared history had shown that a split in the Democratic party in January "means a victory at the polls in November."

Hopkins Farmers Believes in Straw.

That the straw pile is a big factor in wintering cattle and horses in Nodaway county, Mo., is told by A. A. Ingles, a local market visitor with hogs last week. Mr. Ingles lives near Hopkins and has three kinds of straw on his place this winter and he has discovered stock shows a preference for the rye stack to either wheat or oats straw. All three kinds, however, the supply is good feed this season and they

were especially helpful during the cold, stormy weather a few weeks ago. In his diversified rule of farming, Mr. Ingles raises a patch of rye to grind for hog feed, which he says makes a good swine ration. Altho a little backward in growth, the wheat crop generally looks favorable. Mr. Ingles says. A few days ago when the ground was bare of snow and ice, the wheat fields presented a beautiful green, rich in color. Thursday of this week a 3 or 4 inch snow again covered the country in that section of the state. The fall, however, was local in nature. Mr. Ingles reports comparatively few cattle being fed in his neighborhood altho a considerable number of hogs are in preparation for market.—St. Joseph Stock Yards Journal.

Robert Wolfers, the young banker, is feeling a bit chesty getting returns last week from a car load of sheep he shipped to that market. His sheep top-

ped the market and after making a careful invoice, Robert finds that he made several hundred dollars in the sheep venture. He had exceptionally good luck with his flock during the fall and winter, not losing a lamb while many of the "old timers" lost them by the dozens. Oliver Young is another successful sheep man, he and his partner, Cecil Proctor, topping the market this week with a load.—Hopkins Journal.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, running them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c

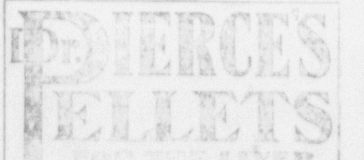

Ouch! Such Pain It Takes You Right in the Back!

SOMETIMES IN THE ARM, HIT OR FOOT

It's all due to an over-abundance of that poison, called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is, "Keep the kidneys in good order." "Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and give the uric acid out of the system by taking Anurie." This can be obtained at almost any drug store, in tablet form, and will dissolve uric acid as hot coffee dissolves sugar.

You know that before an insurance company will take a risk on your life the examining physician will test your water and report whether you are a good risk. You should send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout, or sleep is disturbed two or three times a night. Get Dr. Pierce's Anurie (Anti-uric acid), for it will put new life into your kidneys and entire system. You will feel full of vim, vigor and vitality, instead of tired, dragged-out and blue.

Where Can I Find Relief From Itching, Terrifying Eczema?

Question on Lips of Afflicted

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible because such treatment can only effect the pain temporarily. The disease can only be

reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S-S-S, which acts by cleansing the blood. Get a bottle to-day, and you will see results from the right treatment. Medical advice free. Address Medical Director, 42 Swift Bldg., Atlanta, Ga.

FIX STOMACH RIGHT UP

"Pape's Diapiesin" at once ends Indigestion, Gases, Sourness, Acidity

You don't want a slow remedy when your stomach is bad or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food. When you feel lumps of indigestion pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapiesin and the stomach distress is gone.

Millions of people know the magic of Pape's Diapiesin as an antacid. They know that indigestion and disordered stomach are so needless. The relief comes quickly, no disappointment, and they cost so little too.
